

INTERNATIONAL SCHOOL
EASTERN SEABOARD

2022 - 2023

15

Dec, 2nd

Time is running out fast and we have two weeks left until the end of the first semester. The Elementary School is working on their performances and is busy preparing for the Winter Festival. The Secondary School is getting ready for finals, some upcoming sporting events, and planning for the Walkathon. Last weekend some of our high school students participated in the ServiceICE Conference at Berkeley International School in Bangkok. They had a great experience sharing ideas with other international school students. Remember this is a long weekend, take care and be safe.
Happy Father's to all of the ISE fathers!

ISE Team

Location: CAFETERIA

Sotteok-sotteok : THB 20/Skewer

Popcorn: THB 20/bag

PTA Fundraising Event

Elementary School Pre-K

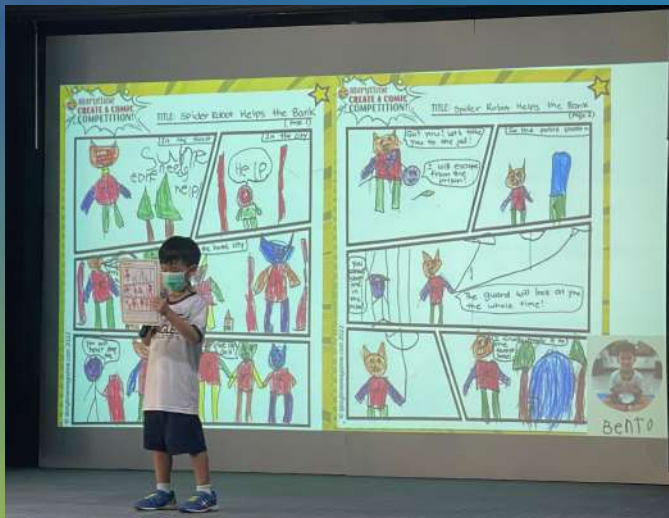

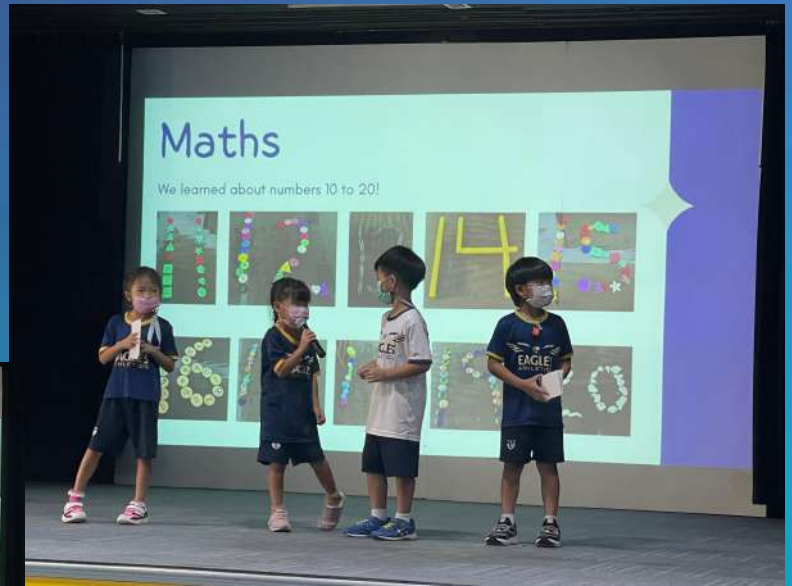

After exploring the "Language of Writing" through an author study, the Pre-K class moved on to the "Language of Clay" in the month of November! The books they wrote during our author study and all their clay creations will be available for the ISE community to see during the ISE Winter Festival. Hope to see you all there!

Elementary School KG Assembly

KG students did a wonderful job presenting and sharing their learning today. The students confidently shared their comics that they wrote and the 3D community they made. They also asked the audience to join in on a Math activity and yoga!

Elementary School G1 & G2

Grades 1 and 2 students learned about 'How to' writing structure and using transitional words in Literacy. As the students created a game in PE, they used what they learned in Literacy class to write an explanation of 'How to' play their created game.

Game Creation

Game Name: SOMBIE BALL

Object of the Game: Run to get ball

Number of Players: 10

How to Play: First 2 players are ZOMBIES.
Second, get a ball and throw to SOMBES

Secondary School ServICE

Over the weekend, ISE students travelled to Bangkok to participate in the annual ServICE conference. We were Inspired by the speeches, we Connected with students in other international schools and we were Empowered to make a difference. After a day of direct service in the community on Friday, students exchanged service related ideas and experiences through "How to" sessions, "Unconferences" and an NGO fair. It was a very rewarding weekend!

Secondary School ServICE

Notes for Math AI Exam

Language and Literature

Secondary School IB English A G12

This week, student's are working on refining their writing skills. They're exploring a new platform called *No Red Ink* to help them better understand the common errors they make in their writing and how they can improve!

Secondary School TOK G12

The grade 12 TOK students have started their TOK Essays! Students had been exploring all six prompts over the past few weeks and have finally chosen their topic. The TOK Essay is externally graded and worth 2/3 of their final TOK grade. Parents, teachers, and our ISE community at large, feel free to ask Grade 12 students what their topic is and engage in a discussion with them!

Topic 1. Is replicability necessary in the production of knowledge? Discuss with reference to two areas of knowledge.

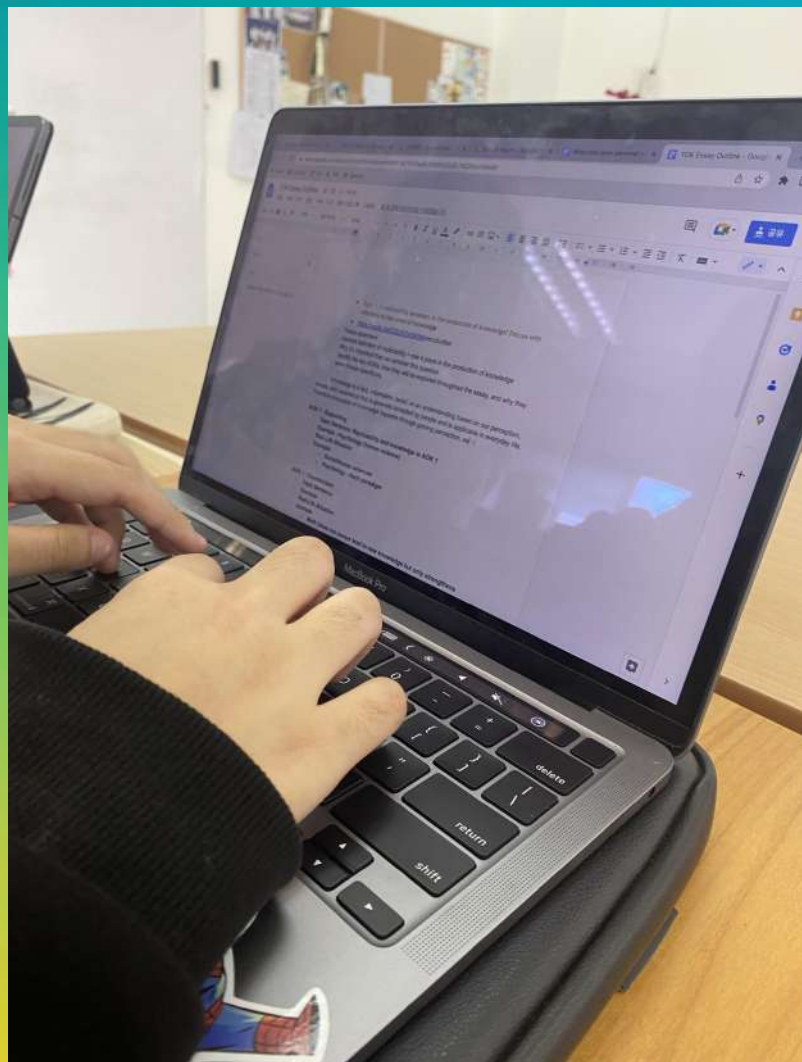

Topic 2. For artists and natural scientists, which is more important: what can be explained or what cannot be explained? Discuss with reference to the arts and the natural sciences.

Topic 3. Does it matter if our acquisition of knowledge happens in "bubbles" where some information and voices are excluded? Discuss with reference to two areas of knowledge.

Topic 4. Do you agree that it is "astonishing that so little knowledge can give us so much power" (Bertrand Russell)? Discuss with reference to the natural sciences and one other area of knowledge.

Topic 5. Are visual representations always helpful in the communication of knowledge? Discuss with reference to the human sciences and mathematics.

Topic 6. To what extent is the knowledge we produce determined by the methodologies we use? Discuss with reference to history and one other area of knowledge.
