

INTERNATIONAL SCHOOL
EASTERN SEABOARD

2022 - 2023

31

Apr, 21st

We hope you had a good time during the holidays resting and sharing with your friends and family, and also celebrating the Thai New Year, Songkran.

As we return to the school, there are a variety of activities happening. Elementary school students are preparing for the Earth Day Assembly, while high school students are travelling to Cambodia on Wednesday to play the last MRISA season of the year.

We would like to invite you to come to the school on Monday and join the Parent's Coffee Network. The theme for this session is Field Trip Brainstorming. We hope to see you there and look forward to hearing your ideas.

International School of Exeter

INVITATION TO EARTH DAY ASSEMBLY

KG students will be leading the Earth Day assembly.

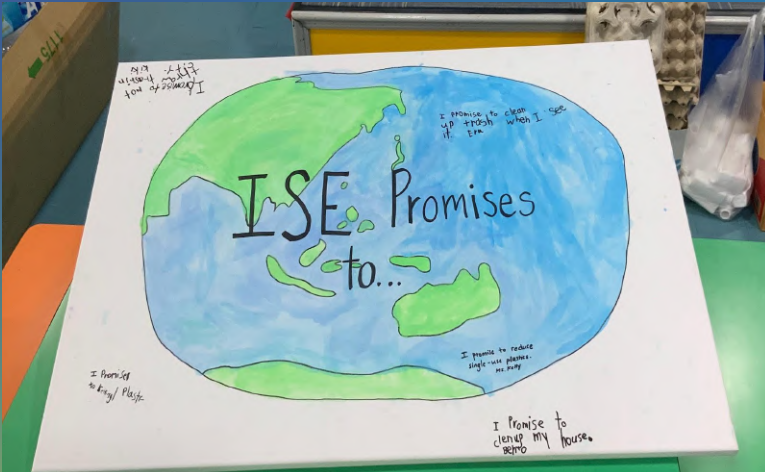

Date: Friday, April 21, 2023
Time: 1:45 - 3:15 PM
Place: Cafeteria

We would like to invite you to join us as we explore:

- Different types of pollutions
- What we can do
- Creating Recycled Art

We hope to see you there!

CENTRAL IDEA:
WE ARE RESPONSIBLE FOR OUR ENVIRONMENT

Elementary School Assembly

Kindergarten students have been learning about our responsibility to our environment. Students researched about water, air, and soil pollution, and what we can do to protect our Earth. Since it is Earth Day tomorrow, and as an end to our unit, Kindergarten students shared what they learned and decided to get our community involved in a fun project-recycled art. After collecting many recycled materials from our ES community, we thought it would be great to use these materials in a different way, as a way to celebrate Earth Day. We will let you know when and how you will be able to view these recycled art!

What will you and your friends and family do tomorrow for Earth Day?

Elementary School Assembly

Elementary School Art G4

In Art, grade 4 students have explored the under the sea through sculpture by making bas relief out of modeling clay. They have to tear off small amounts of clay and mold them then press and flatten them onto the cardboard. They were experiment with texture and pattern and have done a wonderful job.

Secondary School Service Day

WHAT IS THE PURPOSE?

- Provide an opportunity to contribute to community
- Developing skills; teamwork, leadership and empathy
- Develop sense of social responsibility
- Build positive relationships
- Provide personal fulfillment and accomplishment

Last Friday of the school before Songkran, Student Council planned a Service Day for secondary school students in three different places, Turtle Conservation Center, Fr. Ray Children Village, and Hope for Strays Foundation.
