

2021 - 2022 # 11

This week we welcomed back students to our campus! The school has been buzzing with chatting of friends and conversations between students and teachers in this hybrid transition time, some are still online but we hope to see them in person too. Our PTA members also gathered on campus and got to reunite with fellow members. In addition, this week it was announced that ISE would be having a new Head of School, Mr. Roberto Santos. We will be welcoming him to campus very soon. We hope you and your family are well and we can see you at school in the near future.

Pre-K

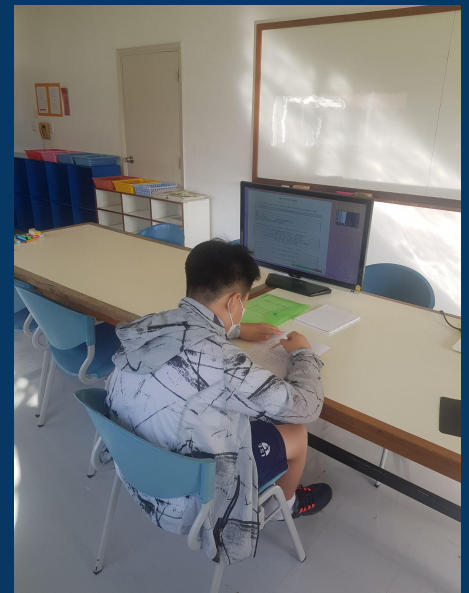

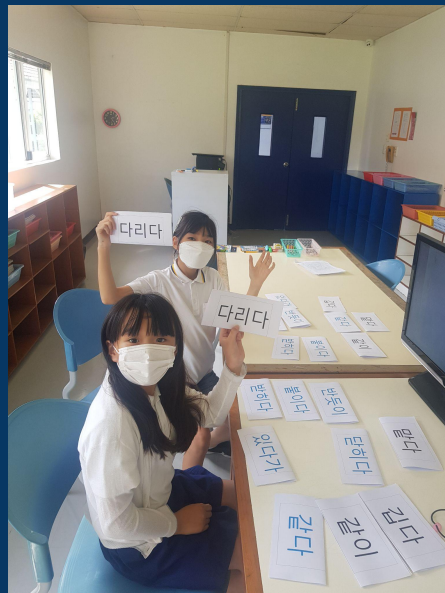

"Our youngest Eagles had a great first week back exploring, sharing, learning and having fun together! We also welcomed our new classmate Dayoon, who comes from Korea. We are very happy to be together again in person!"

"In Korean class, we are learning the basic characteristics of the Korean language and understanding of words and sentences. The focus is on improving students' ability. Also we are trying to learn cultural background by reading various kinds of writing and doing in class activities".

It was great to welcome our ISE students back to P.E. this week! Students have been getting back into exercising and playing with their friends! This week our focus has been on movement, teamwork and collaboration.

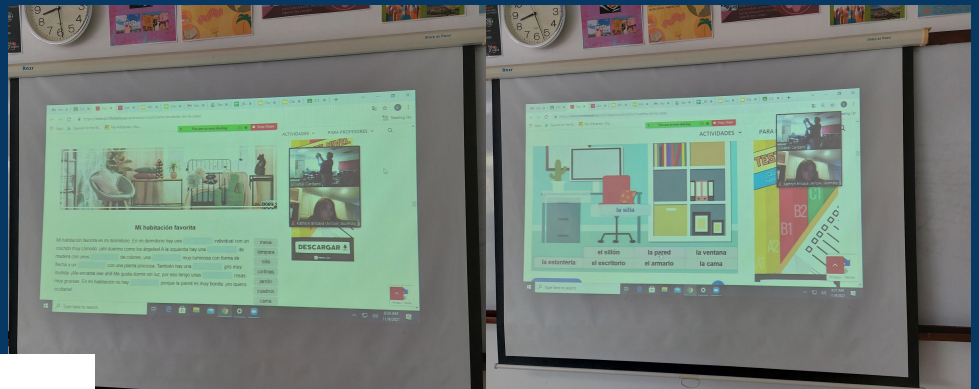

G6, G7 & G8

Grades 6, 7 and 8 have finished creating drafts of their scripts for their alternate adaptation versions of "Lord of the Flies" by William Golding. Now, they are working on physically performing their draft scripts and bringing their creations to life using Stanislavski's form to guide them in their performance. Here are some of their progress so far.

¿The place where we live?

Our city

Our house

Our furniture

We are in hybrid learning with the students participating on line, We are learning vocabulary, verbs and adjectives. They described the place around they live. They created advertising poster with house information and also they wrote 200 words describing their favorite room in their house

G11

Today In class, the students were engaged in a heavy discussion about the analysis of our second non-text in the context of our novel, "The Outsider", through google documents; the topics mentioned are ethics, the norms of society, and alienation.

Biology is so happy to be back at school in person! They are working on a lab experiment! The experiment repeats the work of Louis Pasteur when he determined that cells can only be formed from other living cells in 1859. With this experiment, he also proved the existence of microorganisms.
