SUSTAINABLE  
DEVELOPMENT **GOALS**

## GRADE 1

Explores Light,  
Shadows, and the  
“Blood Moon”

Grade 1 students have been investigating light and shadows in Science, exploring how light travels and how shadows form and change. On March 3rd, they made an exciting real-world connection when Thailand experienced a spectacular lunar eclipse.

Students and their families stepped outside to witness the “Blood Moon,” linking their classroom learning to a powerful scientific moment in the night sky.

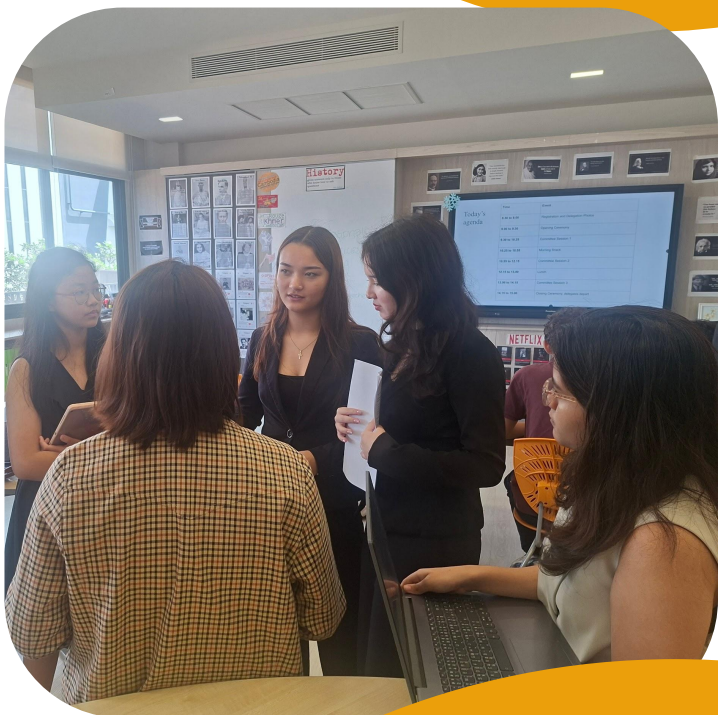

## ISE MUN Students Shine at ESAC MUN III Conference

The ISE Model United Nations Club proudly represented our school at ESAC MUN III, hosted by Rugby School Thailand. The conference brought together passionate young diplomats for a day of rigorous debate, collaboration, and global problem-solving.

Our students demonstrated outstanding preparation, confidence, and diplomacy throughout the event. A special congratulations goes to Faythe, who received the *Best Chair Award* for her exceptional leadership and professionalism in the UN Security Council (UNSC) committee. We also celebrate Naomi, who earned the *Best Delegate Award* in the World Health Organization (WHO) committee while representing Australia on “*The Question of Preventing Non-Communicable Diseases Worldwide.*” Her depth of research, persuasive argumentation, and skillful negotiation set her apart among a strong field of delegates.

## Chung Ang University visit RECAP

ISE was pleased to host Chung Ang University Information Sharing Session. It was an informative session where students and families gained valuable insights into the university's academic programs and admission process.

## LEARNING IN ACTION

### Chinese class

Our Chinese students are fully engaged as they prepare for and complete their assessments, demonstrating concentration, perseverance, and a genuine commitment to excellence in their learning.

Their dedication reflects the strong work ethic and curiosity that we encourage at ISE, as students continue to develop both their language proficiency and confidence in using Chinese in meaningful ways.

## ESAC GAMES ISE VS RUGBY

The ISE basketball team took to the court against Rugby School Thailand in an exciting ESAC matchup, showcasing determination, teamwork, and strong sportsmanship throughout the game. Our players gave their best effort, demonstrating skill and resilience from start to finish. Well done to all athletes for representing ISE with pride and competitive spirit.

## Announcement

# SECONDARY SPORT DAY

Dear ISE Community,

We are delighted to share some exciting news from our Student Council. On Friday, March 20th, our students will be participating in Sport Day, bringing together our secondary students (Grades 6 - Grade 12) for a day filled with teamwork, friendly competition, and great school spirit.

Students will be grouped into three teams - Ruby, Emerald, Diamond - and will participate in a variety of fun and engaging activities throughout the day. These activities are designed to encourage collaboration, enthusiasm, and the vibrant ISE spirit that we are proud of.

As part of the celebration, special Sports Day shirts will be arranged for all secondary students. This initiative is kindly sponsored by the ISE Student Council Alumni, who expressed their wish to support and celebrate the strong sense of community and school pride among our students.

In addition to being worn on Sports Day, these shirts will also be used for special school occasions and events throughout the year when we aim to strengthen school spirit and community engagement. The teams and colors have been thoughtfully assigned with careful consideration, and we encourage students to keep their shirts so they can continue to wear them for these future events.

Our Student Council members have been actively coordinating the preparations for this event, and we truly appreciate the enthusiasm and initiative they have shown in organizing such an exciting day for their peers.

We will be sharing more details about the schedule and activities soon, and we look forward to a wonderful day celebrating the energy, teamwork, and spirit of our ISE students.

Warm regards,  
ISE Secondary School

**ISE  
NEW  
BATHROOM**

The bathroom renovation on the first floor of the SS Building was completed this week, and the updated facilities are now in use, offering a cleaner and more functional space for students.

This renovation is part of the broader campus improvement plan. Work on the remaining bathrooms is currently underway, with each phase scheduled carefully to minimize any impact on learning.

Updates will be shared as additional areas are finished. Thank you for your continued support as improvements across the campus progress.
