SUSTAINABLE DEVELOPMENT GOALS

GRADE 7 Portrait Drawing

Grade 7 Portrait Drawing – Discovering Artistic Talent

Grade 7 students have recently been learning how to draw portraits using the Loomis Method. This technique helps artists correctly place facial features by constructing the head with guiding lines and proportions. After practicing the method step by step, students were randomly assigned reference photos of different people to draw.

The results were truly impressive! Many students demonstrated remarkable attention to detail and strong observational skills. It was exciting to see so many hidden artistic talents emerge as students confidently created realistic portraits.

ISE NHS Induction Ceremony

On Wednesday, we proudly welcomed new members Nico (G12) and Naomi, Faythe, and Melina (G11) into the National Honor Society Chapter during a special induction ceremony attended by parents, teachers and classmates. Congratulations to these students for their dedication to scholarship, leadership, service, and character. Their achievement reflects hard work and commitment in many areas of school life. We encourage all students to continue striving for excellence and to work toward becoming part of this distinguished organization in the future.

Parent-Teacher Conference RECAP

ISE Parent-Teacher Conference

This week, ISE held our Parent-Teacher Conference, providing a valuable opportunity for parents and teachers to connect and discuss each student's progress, achievements, and goals for continued growth.

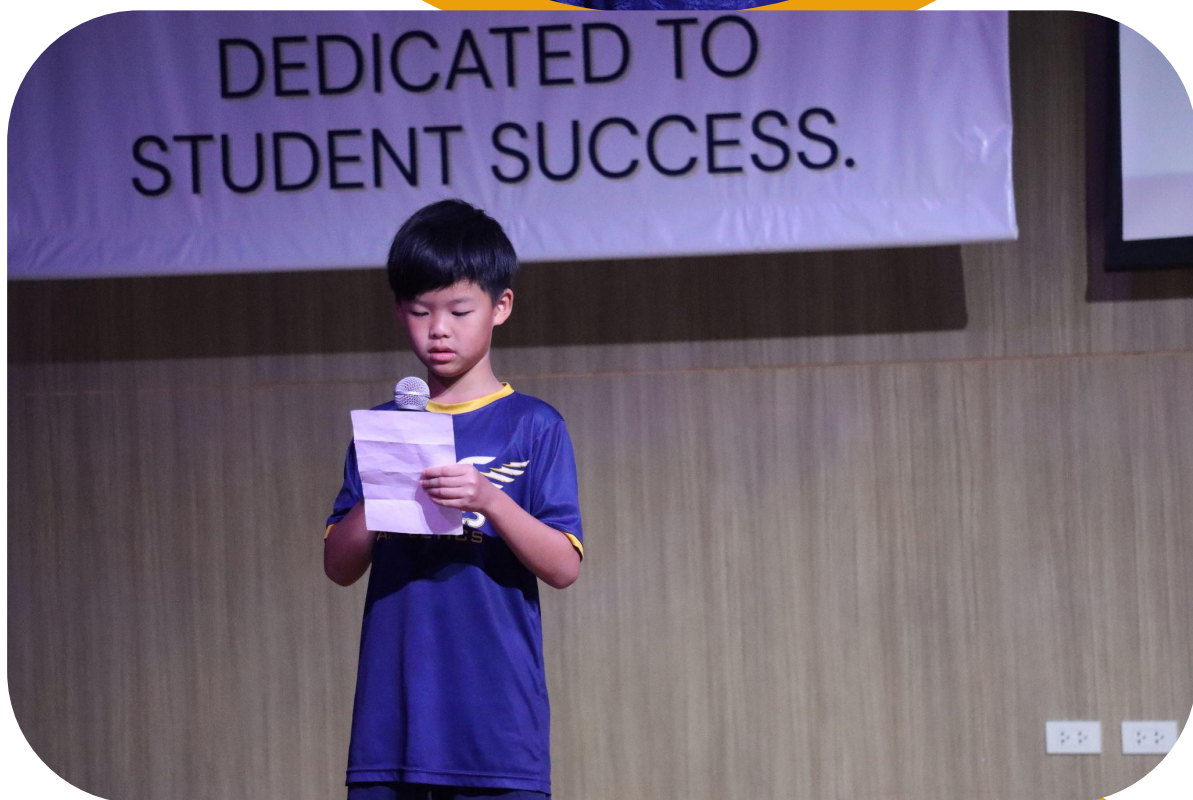

The Whole School Assembly for March

ISE students and staff gathered for our March Whole School Assembly, celebrating achievements, sharing important updates, and recognizing the efforts of our students across the school.

Assemblies are a wonderful opportunity to bring our community together, highlight student accomplishments, and reinforce the values that make ISE a supportive and inspiring place to learn.

Appreciating Golfers of ISE

We are proud to recognize and appreciate our talented ISE golfers for their dedication, discipline, and sportsmanship on the course. Their commitment to training and representing ISE reflects the perseverance and focus that define our student-athletes.

Well done to our golfers for their hard work and for continuing to make the ISE community proud!

Announcement

**CASTING
CALL!**

In collaboration with Mr. Jorge (Maestro), we have begun working on an exciting new project — a musical titled “Space Adventure.” Students are helping bring this imaginative production to life through music, creativity, and performance.

The premiere is planned for the end of the school year, and it promises to be a wonderful celebration of our students’ talents.

If your child would like to participate in the musical, please scan the QR code to sign up.

BIG WHOLE-SCHOOL
PERFORMANCE

**CASTING
CALL!**

SPACE ADVENTURE!
OPEN TO ALL
STUDENTS!

SIGN UP HERE

Roles:

- Lead singers & actors
- Ensemble & chorus (all grades)
- Little sparkle roles: shooting stars, twinkling asteroids, baby aliens, etc.
- Planet kids, spaceship crew & more!

SECONDARY SPORT DAY

Dear ISE Community,

We are delighted to share some exciting news from our Student Council. On Friday, March 20th, our students will be participating in Sport Day, bringing together our secondary students (Grades 6 - Grade 12) for a day filled with teamwork, friendly competition, and great school spirit.

Students will be grouped into three teams - Ruby, Emerald, Diamond - and will participate in a variety of fun and engaging activities throughout the day. These activities are designed to encourage collaboration, enthusiasm, and the vibrant ISE spirit that we are proud of.

As part of the celebration, special Sports Day shirts will be arranged for all secondary students. This initiative is kindly sponsored by the ISE Student Council Alumni, who expressed their wish to support and celebrate the strong sense of community and school pride among our students.

In addition to being worn on Sports Day, these shirts will also be used for special school occasions and events throughout the year when we aim to strengthen school spirit and community engagement. The teams and colors have been thoughtfully assigned with careful consideration, and we encourage students to keep their shirts so they can continue to wear them for these future events.

Our Student Council members have been actively coordinating the preparations for this event, and we truly appreciate the enthusiasm and initiative they have shown in organizing such an exciting day for their peers.

We will be sharing more details about the schedule and activities soon, and we look forward to a wonderful day celebrating the energy, teamwork, and spirit of our ISE students.

Warm regards,
ISE Secondary School
