# ISE ANNOUNCEMENT

## Message from Interim HoS

Dear ISE Families,

It has been a rainy week, so I hope everyone is taking extra precautions to stay healthy.

During today's Coffee Morning, parents had the opportunity to meet with Mr. Mark Watson, our Secondary Mathematics teacher, who provided valuable insights into MAP testing. Please find the presentation slides attached for your reference.

Next week's Coffee Morning will be held in conjunction with the TOK Exhibition. We warmly invite you to attend and experience how the IBDP Core comes to life through authentic student work and presentations.

As we approach the end of the school year, we are currently finalizing plans for our last week of school activities. The Elementary School schedule for the final week will be shared in this week's Friday folders and is also included in this Blast for your reference. For our secondary students, we are also preparing a range of fun and engaging activities to celebrate the end of the academic year.

Please note that Friday, June 12 will be the last day of school. On this day, we will hold our Grade 5 Graduation Ceremony alongside our Last Day of School Assembly. We will also be organizing a breakfast potluck to celebrate the occasion. If you are interested in contributing, please let us know—we would love to have your participation!

### Reminders for Families:

- If you have not yet submitted your Letter of Intent for the 2026–2027 academic year, we kindly ask that you do so as soon as possible.
- Submissions for the official ISE hoodie and jacket designs are now closed. Please stay tuned for the announcement of finalists and the upcoming voting process! If you know of a reliable vendor and would like to connect us, we would greatly appreciate your support.
- If you have not yet completed the Personal Device Survey, please take a moment to do so. Your feedback is essential as we finalize our plans for device use in the 2026–2027 academic year.
- The Student Council warmly invites you to our very first ISE Family Bowling Day! All ISE families are welcome to join us for a fun and social afternoon. The event will take place at The Wave Bowl on Saturday, May 16, from 11:00 AM to 2:00 PM. We hope to see you there in support of our students!
- Graduation Ceremony will be held on Friday, May 29, from 4:00–6:00 PM. Parents should have received a permission slip from our music teacher regarding student performances during the ceremony. Please return the form if you would like your child to participate.

Thank you, as always, for your continued support and engagement in our school community.

Warm regards,  
So Hyung An

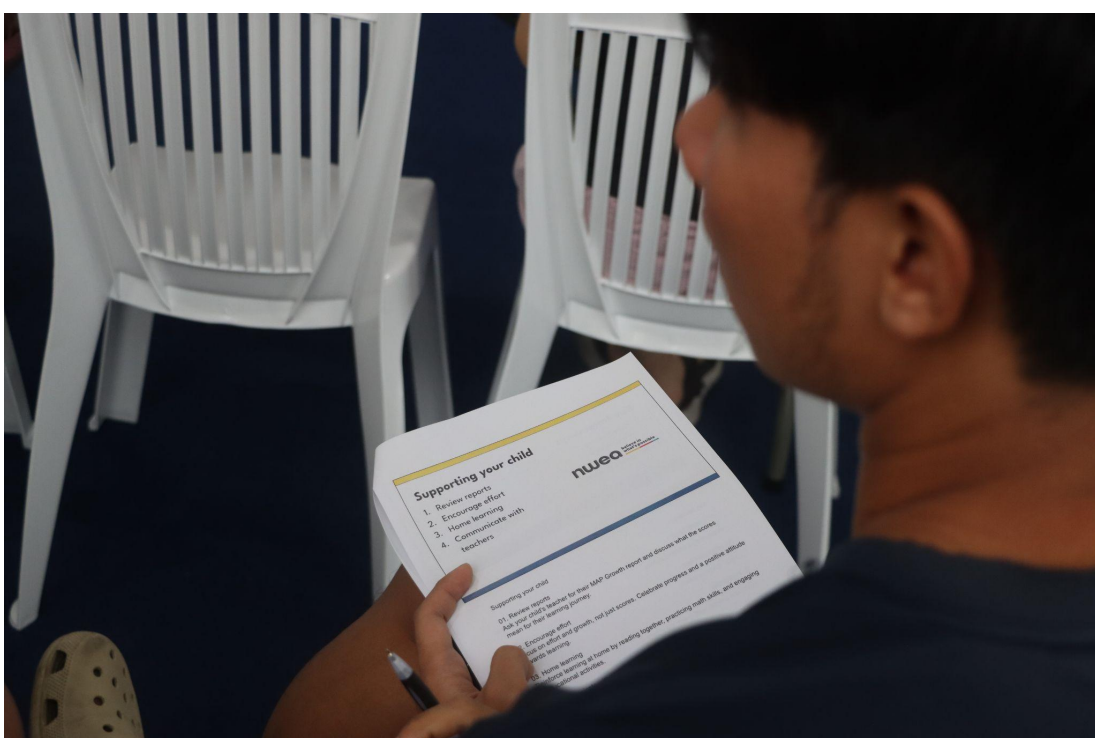

# ISE COMMUNITY Coffee Morning

## Coffee Morning Recap: Understanding the MAP Test

Thank you to all parents who joined our recent Coffee Morning session on the MAP Test. The session provided valuable insights into how the assessment works, why it plays an important role in tracking student progress, and how parents can better understand and interpret the results.

Led by Mr. Watson, the session encouraged meaningful discussion and helped strengthen the partnership between school and home in supporting student learning.

## Elementary School SCIENCE G1

### Grade 1 Astronomers Reach for the Stars!

Grade 1 students recently explored the wonders of our solar system, learning about stars, planets, dwarf planets, meteorites, and galaxies—including our very own Milky Way.

Each student became an expert on a planet (or the Sun!), creating impressive 2D models at home and later bringing their learning to life with creative 3D planet designs in art class.

The highlight of the unit was a visit to the Chachoengsao Regional Observatory for the Public, where students experienced the planetarium, learned about constellations, and observed the night sky through real telescopes.

It was wonderful to see students confidently recognizing the NASA logo, identifying planets, and sharing their knowledge.

We are incredibly proud of our Grade 1 astronomers and their curiosity about the universe!

INTERNATIONAL SCHOOL  
EASTERN SEABOARD

**PERSONAL**  
**DEVICE**  
**SURVEY**

We invite all parents to complete our Personal Device Use Survey, which will help us better understand how devices are currently used by our students both at school and at home. Your feedback is essential as we review and strengthen our approach to personal device use at ISE, ensuring we strike the right balance between supporting learning, well-being, and responsible digital habits. Surveys like this allow schools to gather meaningful input from families and create policies that reflect the needs and priorities of the entire community.

**Junior & Senior**  
**Prom**

ISE is pleased to announce that we will be hosting our annual Junior Prom (Grades 6–8) and Senior Prom (Grades 9–12) on Saturday, May 23, 2026, at Novotel Sri Racha. This year's theme, *The Great Gatsby: The Roaring 20s*, invites students to celebrate in formal attire inspired by the era.

All students are strongly encouraged to attend this special event. Permission forms have been distributed, and families are kindly asked to return them promptly to secure their child's place.

In preparation for the evening, the Prom Committee is seeking contributions of prizes for student activities and awards. Donations need not be costly; however, they should be appropriate for both middle and high school students. We greatly appreciate any support from our school community in helping make this event memorable for all attendees.
