Week 8: Learning, Celebrating & Connecting

It has been another busy week at ISE, with our students working hard and showing what learning looks like both inside and outside the classroom.

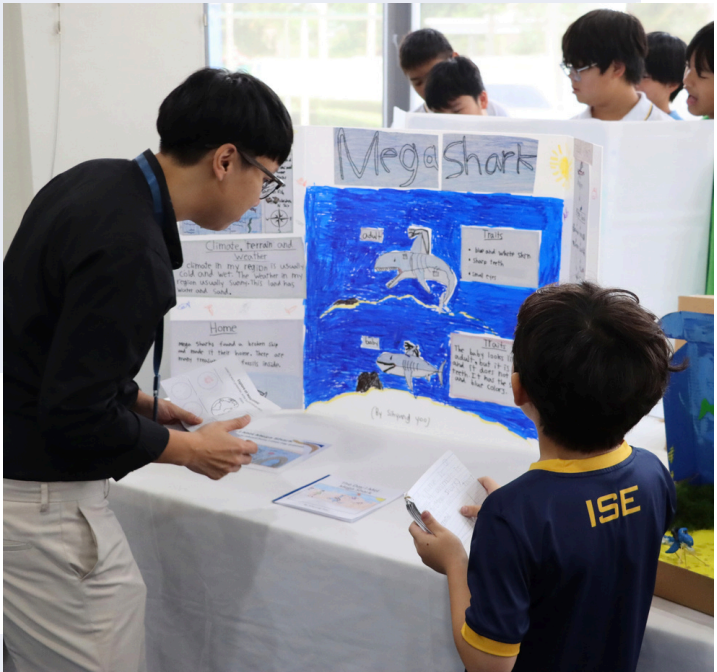

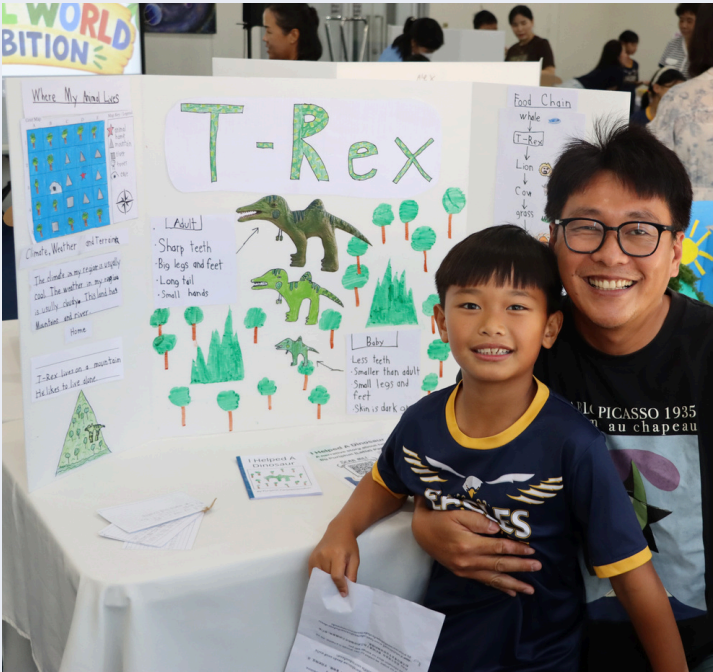

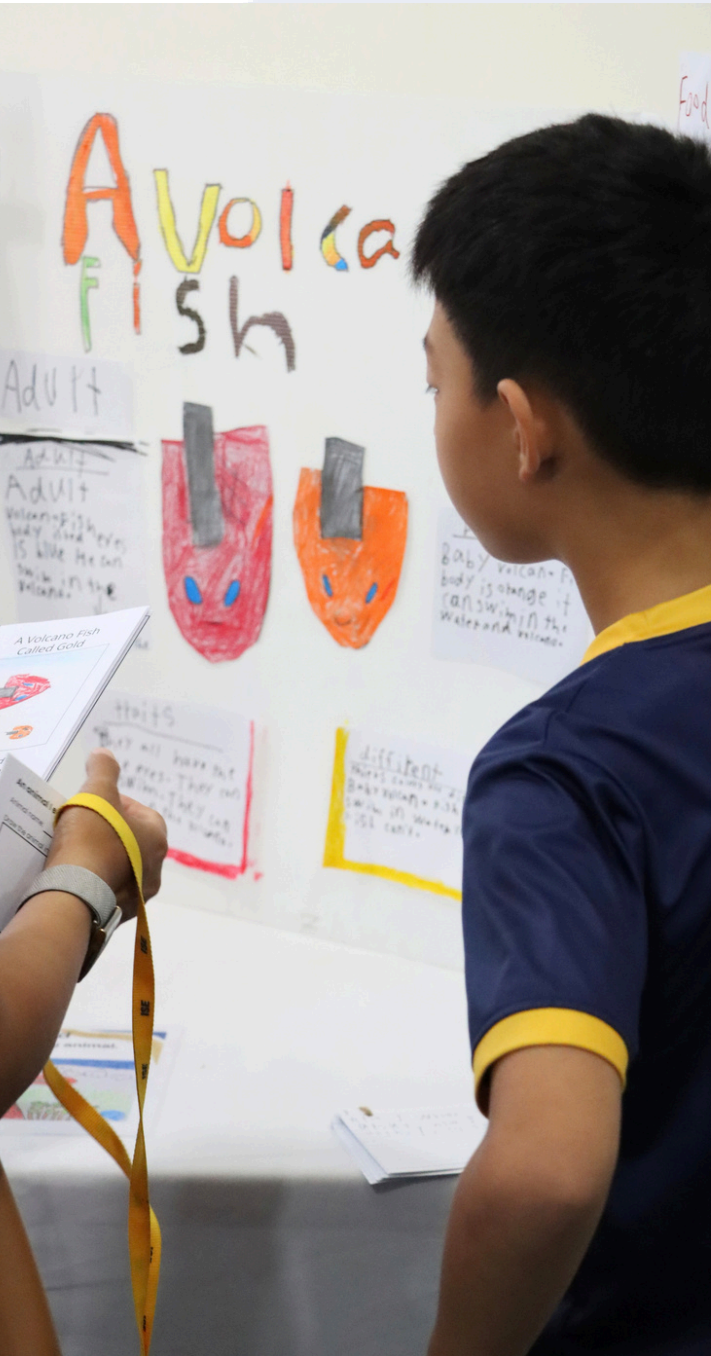

Our Grade 3 students shared their knowledge and creativity at their World Animal Exhibition, while both our Junior Girls' and Boys' Basketball Teams celebrated wins in their first ESAC games of the season! Our World Languages program also came together to celebrate the Moon Festival and its different cultural traditions, bringing language, culture, and community together.

Next week is our final week before the October Break and also Parent-Teacher Conference Week. It is an important opportunity to connect with your child's teachers, celebrate progress, and discuss areas for continued growth.

Don't forget to book your Parent-Teacher Conference appointments for next week!

Moon Festival

A huge thank you to our wonderful Chinese families for making an incredible 600 dumplings for our students to enjoy during our Moon Festival celebrations! Your generosity and support helped make the celebration extra special for everyone.

We are also very grateful that the funds raised were donated to support Operation Smile and NEST. Thank you again for your kindness and continued support!

Elementary Korean Class: Chuseok

Students celebrated Chuseok in Korean class, learning about the traditions and meaning of this special Korean holiday.

At ISE, we celebrate every culture and look for meaningful ways to connect as one community. Today's Moon Festival celebration was a wonderful reflection of that spirit. It came together through the energy and involvement of our teachers, parents, and students, with everyone playing a part in making the celebration unfold.

One of the most special parts was seeing our older students interact with and support our younger students, sharing traditions, learning together, and strengthening the connections across our school.

This is what community looks like at ISE — different cultures coming together, learning from one another, and celebrating together.

A caring community community dedicated to student success.

Announcements and Reminders

- Everyone, please welcome **Ms. Diana Rose Sittipibunpan** to ISE – our new whole school ICT teacher.
 - Diana is an educational technology leader with more than six years of experience teaching Computer Science, Robotics, and STEAM/STEM across elementary to high school levels. She has joined us from King Mongkut's International Demonstration School (KMIDS) and is eager to get started!

- **Parent Teacher Conferences** next week – if you haven't made an appointment, it's not too late! Please email tong@ise.ac.th the following information:
 - Student's full name and grade
 - Teacher's name/subject
 - Preferred date and time slot
 - We will get back to you to confirm your appointment!

- No After School Activities (ASAs) next week.
 - Please note that pick up time and bus departure time will be 3:00PM next week – unless you are coming to the Parent Teacher Conferences.

A caring community community dedicated to student success.

PSAT 2026

Grades 10 & 11

All Grade 10 and 11 students are strongly recommended to take the PSAT.

Wednesday, October 21, 2026

The PSAT helps students build SAT familiarity, measure college readiness, and identify strengths for future preparation. Unlike MAP, which tracks academic growth over time, the PSAT provides an early SAT-style benchmark.

SAT Practice

Experience the format and question types

College Readiness

Benchmark strengths and next steps

Complements MAP

A different measure focused on PSAT/SAT readiness

Cost and registration details will be shared shortly.
